

To my dear patient family:

With a mix of many emotions, I am sharing important news about transition in my dental office. As of November 6th, Dr. Sunil Kashyap will assume ownership of this practice.

After twenty-six years at the helm, my mind and body are telling me it's time to try something new. It has been my sincere honor and privilege to serve you. Looking back on those first days in 1994, I never imagined all the friendship, joy and laughter that would evolve in the midst of taking care of teeth! I consider you my second family.

I will continue to work at this practice, just not center stage. In the coming months, I will be working closely with Dr. Kashyap to ensure a smooth transition. He and I will carefully review each and every patient file so he will already be familiar with you from day one. As for the long term, I plan to continue working here part-time and filling in for Dr. Kashyap as needed.

I am truly excited to welcome Dr. Kashyap. With his radiating warmth and impressive intellect, he practically had me at "hello". He grew up in Charlotte and is a 2014 graduate of UNC Adams School of Dentistry. Previously practicing in Greensboro, he recently moved to the area to be with his beautiful new wife, Dr. Meenal Patel. Meenal is a Cary dentist, and serendipitously, also my dear friend. As luck would have it, her Prince Charming turned out to be my perfect successor.

I'm so thankful for my amazing team - Shaun, Wendy, Erin and Jessica and others who have been by my side over the years (especially Christine, Dr. Nancy, Debbie, Paula, Linda and Anita K). Together we have nurtured a big, healthy, thriving heart on Jones Franklin Road. Going forward, I promise that our tradition of compassionate high-quality dental care will continue. For those who travel a long way to see us, let me assure you we are still worth the drive!

With love and gratitude,

Anita Sawhney
